

My own constellation...

Leo - the lion.

A **constellation** is a group of stars that make an imaginary shape in the night sky. They are usually named after **mythological characters, people, animals and objects**. It is like a game of connecting the dots. **Make your own constellation below.**

My own constellation:

Facts about my constellation:

My constellation is called:

How many stars make up your constellation?

From which hemisphere of the Earth can you see your constellation. North or South?

What colours are the stars in your constellation?
